GOOGLE REVIEW REQUEST KIT

Everything you need to collect more Google reviews — the single most powerful free marketing tool for a trade business.

Ask within 24 hours of job completion — reviews drop 60% if you wait a week.

SECTION 1 — SMS SCRIPTS

SMS Script A — Casual (send immediately after job)

> Hi [Client Name], thanks for having me today! If you were happy with the work, it'd mean a lot if you could leave a quick Google review — only takes 2 mins. Here's the link: [Your Google Review Link]. Cheers, [Your Name]

SMS Script B — Formal (alternative version)

> Dear [Client Name], thank you for choosing [Company Name] for your recent [Job Type]. If you're satisfied with the result, a Google review would be greatly appreciated: [Your Google Review Link]. Many thanks, [Your Name].

SMS Script C — Follow-up (send 3 days later if no review yet)

> Hi [Client Name], [Your Name] here — just following up in case my review request got lost. It really helps my small business grow. Link here: [Your Google Review Link]. Thanks so much!

SECTION 2 — QR CODE SETUP (FREE, 5 MINUTES)

STEP 1 — Find your Google review link

Search Google for your business name. On your Google Business Profile, click 'Get more reviews'. Copy the link provided — it will look like: https://g.page/r/[your-business-id]/review

STEP 2 — Generate a free QR code

Go to qr-code-generator.com (free). Select 'URL'. Paste your Google review link. Choose a design if you like (keep it simple — black on white works best for printing). Click 'Download' and save as a PNG or SVG file.

STEP 3 — Add it to your invoice

Open your invoice template in Word or Google Docs. Insert → Image → upload your QR code PNG. Resize to approximately 3cm x 3cm and place it near the bottom of the invoice. Add a short line above it: "Happy with our work? Scan to leave a Google review!"

STEP 4 — Add it to your business cards

In Canva (free at canva.com), open your business card design. Upload the QR code PNG and add it to the back of the card with the text: "Scan to review us on Google"

Give this brief to a Canva designer or follow it yourself using Canva's free tools.
